

Corrigendum

Several errors were detected by the author of von Ellenrieder, N. 2012. The levis group of *Orthemis* revisited: a synopsis including a synonymy and description of six new species of *Orthemis* from South America (Odonata: Libellulidae). *International Journal of Odonatology*, 15(3): 115–207. <http://www.tandfonline.com/doi/full/10.1080/13887890.2012.688186> and are detailed below.

page 118, under ‘Distribution and Biology’, ‘Unfortunately not much is known about their biology, with only larvae of *O. aequilibris*, *O. biolleyi*, *O. levis*, and *O. nodiplaga* described to date (De Marmels, 1990; Fleck, 2003; Rodrigues Capítulo & Muzón, 1990). Larvae that were described as *O. ferruginea* (Needham, 1904; Calvert, 1928; Klots, 1932; Geijskes, 1934) could belong to other species within the *ferruginea* complex.’

Should read:

‘Unfortunately not much is known about their biology, with only larvae of *O. aequilibris*, *O. biolleyi*, *O. levis*, *O. nodiplaga*, *O. cultriformis*, and *O. schmidtii* described to date (De Marmels, 1990; Fleck, 2003; Rodrigues Capítulo & Muzón, 1990; Carvalho & Werneck-de-Carvalho, 2005; Costa & Santos, 2009). Larvae that were described as *O. ferruginea* (Needham, 1904; Calvert, 1928; Klots, 1932; Geijskes, 1934) could belong to other species within the *ferruginea* complex.’

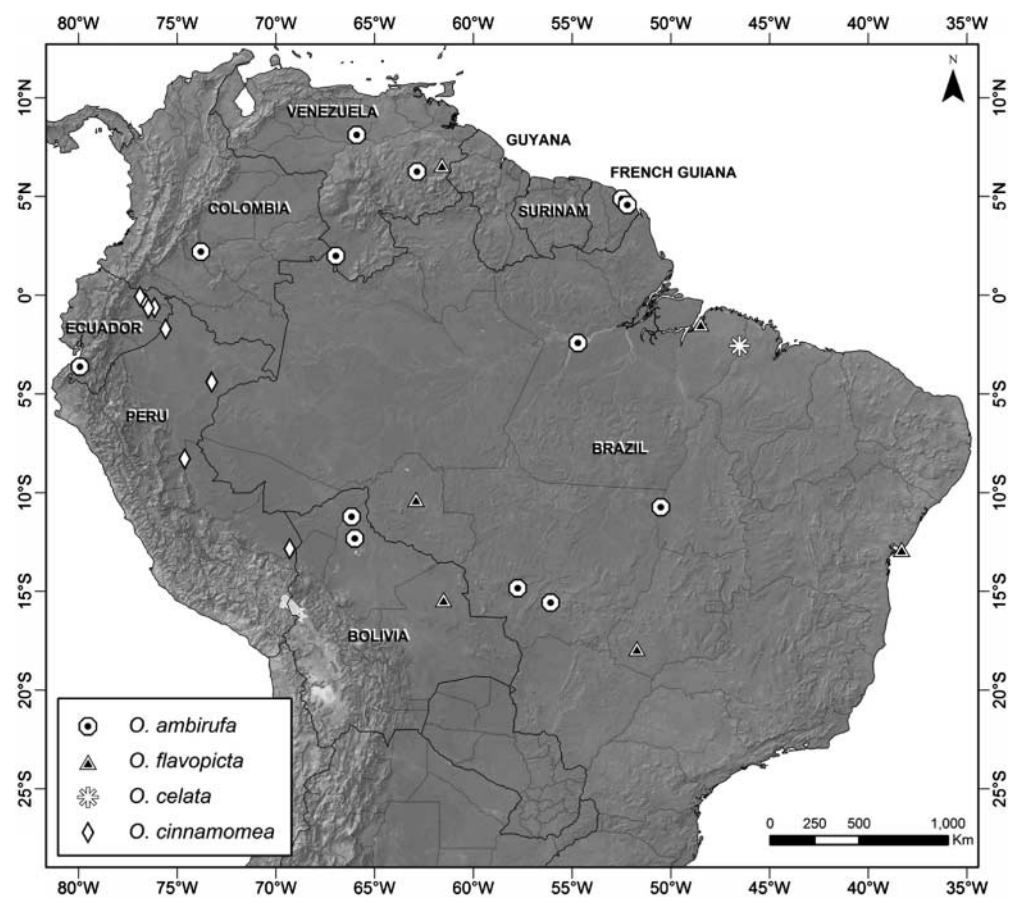

page 132, ‘1 ♂, same but Pontijbrug, 17 March 1957 [RMNH]; 1 ♂, same but 11 April 1957 [RMNH]; 1 ♂, same but 14 October 1956 [RMNH];’ should read ‘1 ♂, same but 14 October 1956 [RMNH]; 1 ♂, Suriname, no locality, 17 March 1957 [RMNH]; 1 ♂, same but 11 April 1957 [RMNH]’

page 144, under ‘Other specimens examined’ ‘1 ♂, Brazil, ...Alto Boa Vista (22°54’29”S, 43°13’32”W), ...[DZRJ];’ should read ‘1 ♂, Brazil, ...Quinta da Boa Vista, Horto at Museu Nacional (22°54’30”S, 43°13’25”W), ... [DZRJ];’

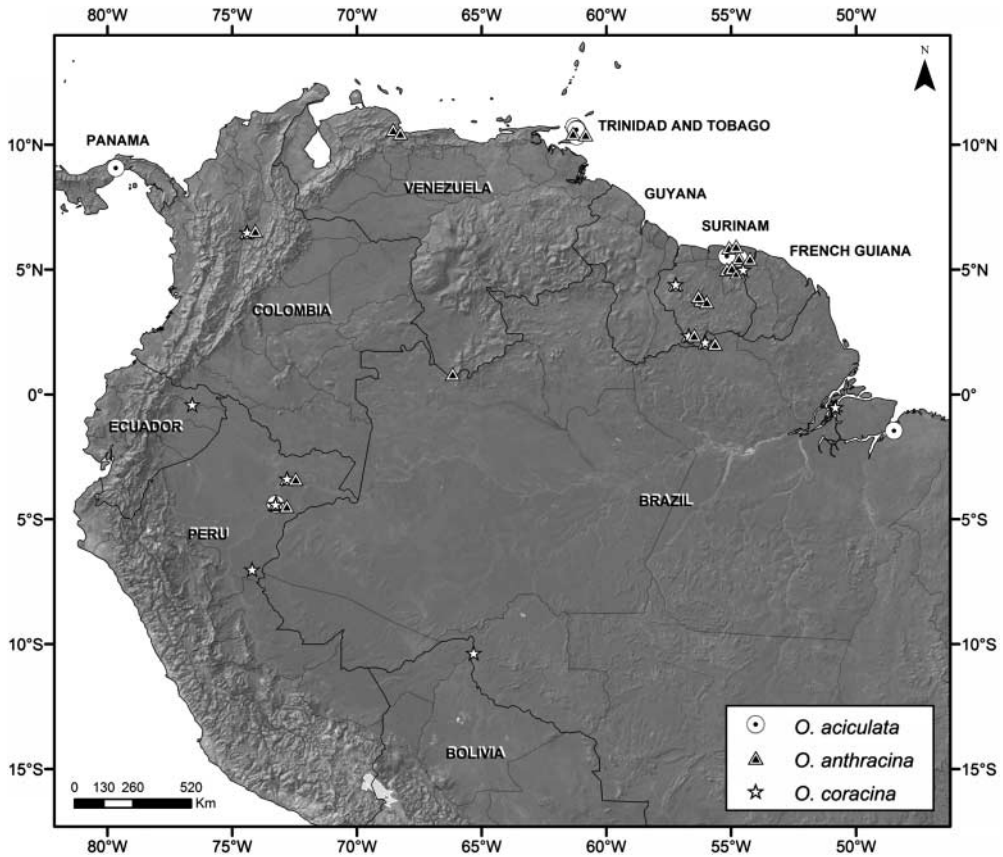

page 159, under Figure 19. Legend (o) ‘9 November 2011’ should read ‘09 September 2011’

page 163, under ‘Type specimens examined’, coordinates (0°30’57”S, 51°14’00”W, 9 m) should read (2°34’S, 46°31’W, 66 m),

page 183, Fig. 23 should appear as below:
